SCHOOL OF LAW

ORGANIZATION

The School of Law was established, as a department of the University, in 1893. Its primary purpose is to provide a thorough legal education for students who are fitted by their maturity and their previous academic training to pursue professional study under university methods of instruction. The curriculum covers nine quarters, or three academic years, and constitutes an adequate preparation for the practice of law in any English-speaking jurisdiction. By taking advantage of the quarter system with its opportunities for summer instruction this curriculum may be completed in two and one-fourth calendar years.

THE LAW FACULTY

The faculty of the School of Law is composed of fifteen members, twelve of whom are resident during the autumn, winter, and spring quarters each year, and continuously engaged in the work of instruction. The lectures on Patent Law, and special lectures supplementing the courses in Practice and Legal Ethics, are given by active practitioners. Instruction during the summer quarter is given in part by members of the regular staff and in part by visiting professors from other law schools.

THE LOCATION OF THE SCHOOL

The School of Law occupies two buildings of the Inner Quadrangle, connected by an open arcade. In the first building are three lecture halls; in the second, the Law Library stackroom, the reading-room for students, and the offices of the faculty.

THE LIBRARY

The Law Library contains over 35,000 volumes, including complete sets of the English, Irish, Scotch, Australian, and Canadian reports, the reports of all federal courts, a complete set of the reports of the American States, the Australian States, and the Canadian Provinces, the National Reporter system, the standard collections of cases, the standard English and American legal encyclopedias, the principal American, English, and Canadian digests and citators, sets of the leading American, British, Canadian, and Continental legal periodicals, together with a good collection of textbooks. There is also a somewhat complete collection of compiled laws, session laws, and other statutory material, both federal and state, as well as British, Canadian, and Australian. The University Libraries are also available for use by students of the School of Law.

ADMISSION TO THE SCHOOL OF LAW

Admission to the professional curriculum in Law in regular standing is granted only to students who have received the degree of Bachelor of Arts, or an equivalent degree, from this University or from some other institution of recognized collegiate standing, and whose previous scholastic record is satisfactory to the faculty of the School of Law.

In the discretion of the faculty admission may be granted to a very limited number of students who cannot meet the foregoing requirement, but who are eligible for admission to the University, who are twenty-five years of age, and whose previous experience is such as to justify the presumption of their ability to do the work successfully. Such students are termed "unclassified" and are not eligible for a degree.

It is advised that the matter of admission be settled in advance. The necessary application blanks and any further information desired as to admission will be furnished upon request. Intending students are requested to forward or present their credentials to the Dean at least two weeks before the opening of the quarter which the student desires to attend. (Special regulations governing admission of women to the University make it necessary for women candidates to file application and credentials not later than the following dates: May 1 for the autumn quarter, December 1 for the winter quarter, March 1 for the spring quarter, and June 1 for the summer quarter.)

Second- and third-year students are admitted at the beginning of any quarter, but first-year students can be accepted only at the beginning of the summer and autumn quarters.

ADVANCED STANDING IN LAW

The adjustment of credit for law work done elsewhere is determined by action of the Faculty of Law upon the facts of each case. Students who contemplate transferring to this School are advised to have an official transcript of their law work sent in advance for a provisional statement of the amount of advanced standing that may be expected. No credit will be given for Law taken at another institution prior to the conferring of the degree of Bachelor of Arts or its equivalent. Only students in good standing and eligible to return to the school from which they are transferring can be accepted.

DEGREES**BACHELOR OF LAWS**

The degree of Bachelor of Laws (LL.B.) is conferred upon students who have received the degree of Bachelor of Arts, or its equivalent, from this University or from some other institution of recognized collegiate rank, and who have thereafter satisfactorily completed courses in Law aggregating 117 units, including therein all first-year professional courses, and who have devoted nine full quarters of time to the study of Law and have otherwise satisfied the requirements of the University and of the School of Law.

JURIS DOCTOR

To be admitted to candidacy for the degree of Juris Doctor (J.D.) a student must be eligible for admission to the School of Law in regular standing,

must have completed the work for the first degree in law at this University, or in some other university law school of recognized standing in which work for the first degree in law covers a period of not less than six years of combined academic and law work, and must be approved for candidacy by action of the Law Faculty. For this purpose there must be furnished a complete and official transcript of the academic and professional work of the applicant, showing in detail courses pursued, grades received, and the degrees conferred. The transcript should be sent by the proper official directly to the Dean of the School of Law. Students who have met the foregoing requirements and who have completed with a high average and otherwise to the satisfaction of the Law Faculty thirty-two units of work in law courses not previously taken, including therein at least eight units to be selected from courses numbered 280 to 286, as set forth in the announcement of the School of Law, and who have in addition submitted an acceptable thesis on a legal problem approved by the Faculty, will be granted the degree of Juris Doctor (J.D.)

FEES

The tuition fee for graduate students in Law is \$100 per quarter. (For students registered in the University prior to the autumn quarter of 1930, the fee is \$85 per quarter.) In addition a Law Library fee of \$5 and a community fee of \$13 is charged each student.

Students attending but one-half of the summer quarter will be charged one-half of the foregoing tuition fee, in addition to the library and community fees.

In addition to the above-mentioned fees, charge is made for mimeographed material used in various law courses.

INFORMATION

Further information will be furnished upon request. Address: Dean of the School of Law, Stanford University, California.

CHANGES

As it may occasionally become necessary to change the regulations and courses outlined herein, the right is reserved to make such changes without notice.

THE SUMMER QUARTER

In planning the work of the summer quarter the aim has been to provide for students beginning the study of Law as well as for those who are prepared for advanced Law courses. For those beginning, the courses in Contracts and Personal Property are offered. Due to the fact that classes are much smaller in the summer than in the other quarters of the year, it is a very desirable time at which to begin the study of law.

It should be noted that for the purpose of the School of Law the summer quarter is divided into two equal terms, the first of which will open on June 18 and close on July 22, and the second of which will open on July 23 and close on August 29.
